

25 years of success

Rosenview's conference facilities allow for a wide range of functions and can accommodate any size group, up to 40 guests. We also cater to individuals and small groups for private luncheons and dinners. Our friendly staff will cater to your every need concerning meals, refreshments and hosting of your meeting or event.

We are happy to have Legado Coffee Roasters operating from the farm, which means that bottomless Legado Coffee is on the house for all our valued conference guests. Our hearty cooked meals and traditional puddings have become legendary and you will certainly not be going hungry during your stay.

Legado was founded in 2010, with a focus on high-end specialty coffees and a passion to create a lasting legacy in the coffee business.

"In pursuit of the perfect cup" is the motto that drives Legado to deliver quality rather than quantity. Join us and experience the passion.
